To Whom It May Concern:

In an era when many Districts are attempting to go 'contactless and cashless', I want to express our thanks to the KEV Group for designing an easy-to-use system that reduces cash handling, creates efficiencies, and simplifies so many processes.

Our bookkeepers Love *SchoolCash Online!* It provides numerous time-savers for the office staff as well as our teachers. The system even automates the communication to parents (via email notifications), about upcoming events/activities, making the whole payment process easy and contactless!

Parent feedback has been overwhelmingly positive. The school year just started, and our schools have already enticed 45% of parents to the *SchoolCash Online* platform. We are also collecting fees for device insurance/damages through central office. Our auditors and finance staff appreciate all the transparency, automation, and consolidated reporting that adhere strictly to Redbook compliance standards - my year-end closeout and GASB 84 reporting time was cut by 80% this past summer.

Overall, we are very pleased with the fully integrated accounting and online payment platform. The team at the KEV Group is very professional and responsive. Honestly, I can't understand why every District hasn't implemented this system!

Sincerely,

Amanda Spears, CPA
