

Digital Custom Forms

The Digital Custom Forms app is a form building solution that enables your district to easily and securely collect information from parents, students, and the general public online. By leveraging the *School Cash Suite's* existing payment infrastructure and student information data, districts can eliminate the complexity of countless paper forms traveling between homes and schools.

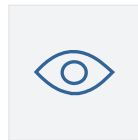

- ✓ **Collect data, complete form and checkout all in one step**

The Benefits

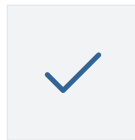

Efficiency

Eliminate manual data entry step.

Access

View submission in real-time online.

Accuracy

Safeguard against illegible information.

Security

Store student data securely online.

Go Green

How it Works

1

Create your form

Create or choose from a customized inventory of digital forms.

2

Add your form to items

Choose from the inventory of forms to attach to items.

3

Complete forms online

Parents complete the selected form directly on *School Cash Online*.

4

Collect the Results

Collect the submitted data in *School Cash Suite* reports.

Features

Customization

Common field types make it easy to collect information ranging from an address to a photo. Forms are completely customizable!

Simple Interface

The drag-and-drop interface makes creating a form easy and intuitive. Simply click the fields you want and drag them over to your form.

Real-time Price Adjustments

Our integration allows you to incorporate price adjustments into the item's sale price based on what fields are selected by parents. All these costs fully integrate with your *School Cash Suite* reports.

Reporting

The new Digital Custom Form Report allows you to easily view and export the submission results from everyone who has completed your form.

User Access

Different access levels let you control who can use, edit, and create forms.

About KEV Group

Created by Kev Group, the *School Cash Suite* is a web-based educational software solution designed to meet the unique financial needs of K-12 public schools. The Suite is the only solution available that fully integrates online payments, fee management, school-level accounting, and digital forms. The system was developed with the advice of industry leaders in preventing fraudulent activity, accounting, and educational policy and procedures. Our solution simplifies tasks, while providing transparency, accountability, internal controls and reporting capabilities district business officials require.
