

SchoolCashSuite

A simpler way to manage student fees

Created by former school bookkeepers, the *School Cash Suite* is a web-based solution designed to track every dollar flowing through your schools. It is the only software available that fully integrates online payments, fee management, digital forms, and school-level accounting.

1. School Accounting

The simple and intuitive system builds the foundation needed to successfully manage your school finances and automates the manual accounting tasks that school bookkeepers perform each and every day.

3. Community Notifications

The system has built-in parent communication capabilities to keep parents well-informed of the fees and forms relevant to their specific students.

2. Student Fees & Forms Catalog

The system enables schools to assemble all of their student activity fees in one central location and assists in the preparation and tracking of catalog items and digital forms.

4. Student Fees & Forms Data Collection

The system offers parents the convenience of online purchasing and access to digital forms to complete online transactions for student fees any-time, anywhere!

5. Comprehensive Reporting

The system allows for robust reporting to track payments, finances, and data to provide insights into school and district activity.

Why choose the **School Cash Suite**?

Clean Audits

Comprehensive auditing tools such as modified transaction logs, random data queries, and detailed reports create a complete audit trail designed to help your district perform efficient and accurate audits.

Financial Integrity

Internal controls such as approval workflows, predefined user access levels, data validations, and real-time reporting helps prevent fraudulent activity, losses, and the mismanagement of funds.

Full Integration

The system integrates online payments and digital forms with school-level accounting. This ensures the products work together seamlessly and allows your district to deal with a single vendor for customer support.

Designed for Schools

The system was designed exclusively for school and district users. The *School Cash Suite* addresses the unique requirements of school staff and is simple and intuitive for those with a limited accounting background.
